

DANIEL ORDINANCE 2008—03-03L

The following DMC section is hereby amended as of April 7, 2008 according to the following markup version, which shows the wording of the statute before and after the amendment:

Section 8.21.07 General Setback Requirements.

These regulations are the general setback standards for the Town of Daniel. Notwithstanding these general standards, different standards may be permitted in specific zones. In the event of a conflict the stricter standard shall be required.

...

(8) Side Setbacks. In the absence of conflicting regulations contained within a specific zone or subdivision, the general minimum side setback for any building shall be twelve (12) feet.
